## AN INSURANCE AGAINST SUDDEN DEATH!

For Sufferers From Backache, Rheumatism and Kidney Trouble.

Before an Insurance Company will take a risk on your life the examining physician will test the urine and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or the twinges and pains of lumbago, rheumatism and gout. The urine is often cloudy, full of sediment; channels often get sore and sleep is disturbed two or three times a night. This is the time you should consult some physician of wide experience—such as Dr. Pierce of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Send 10c for large trial package of "Anuric." Write your symptoms and send a sample of urine for test. Experience has taught Dr. Pierce that "Anuric" is a most powerful agent in

dissolving uric acid, and is endowed with other properties, for it preserves the kidneys in a healthy condition by thoroughly cleansing them. Being so many times more active than lithia, "Anuric" clears the blood and filters out those deposits of lime-salts which cause so much pain, and prevents dropsical conditions such as swollen hands or feet and the baggy appearance under the eyes. "Anuric" is a regular insurance and life-saver for all big meat eaters and those who deposit lime-salts in their joints. Ask the druggist for "Anuric" put up by Dr. Pierce, in 50-cent packages, or send \$1.00 to Dr. Pierce for full treatment by mail.

Dr. Pierce's Pleasant Pellets for the liver and bowels have been favorably known for nearly 50 years.—Adv.

Pure food and a place to keep it pure—is the foundation of a man's efficiency, yet it is often neglected. Efficiency, like charity, begins at home.

## Glacier Sanitary Refrigerator

"NO HIDING PLACES FOR GERMS"

Examine the one-piece porcelain lining of the Glacier under a lens. You will see only a perfectly smooth, glassy surface, even in the corners. You couldn't scratch this porcelain with a knife because it's fused on steel at a heat of 2400 degrees. That's why the provision chamber is always sweet and fresh, no musty odors, no damp, greasy walls. \$28.50, \$35, \$45, \$47.50

## PALAMA OUTING PARTY SETS OUT TO SUMMER CAMP

Fifty-one happy souls swung aboard the 9:15 train to Haleiwa this morning for two weeks of free rest and fun at the Palama Settlement summer camp.

With joyful cries the little people scrambled into the coaches with bag and baggage. A few were too young to appreciate the good things in store for them, but the glowing anticipation of the older folk made up for the ignorance of infants.

Nearly all of the jolly crowd posed for the picture man in front of the Oahu depot just before the train left, but some few were camera shy and flew back into the waiting room when the big black box started to shoot. Most of them, however, and especially the kiddies, were highly excited over having their picture "took." It was the first time for many.

There were 41 children and 10 mothers in the camping party this morning. They have been carefully selected from the poorer sections of Palama and no one is supposed to go that could otherwise afford the holiday.

There are about 19 boys and 22 girls; some 2-week-old babes in arms and others near the 12-year limit set by the settlement workers. Porto Rican, Russian, Hawaiian and Portuguese were the nationalities represented.

## KING'S DAUGHTERS MEET TONIGHT; PLAN OPENING OF FINE NEW BUILDING

Officers for the coming year will be nominated at a meeting of the King's Daughters to be held at 8 o'clock this evening in the new home of the organization on Waiialae road, Kalihi. It will be the first general meeting to be held in the new building.

Aside from nominations and presentation of reports, the meeting will discuss the plans for opening the new home. This event is scheduled for next Saturday afternoon, but may have to be postponed if the temporary road from the street to the building is not completed by that time.

Mrs. W. L. Hopper, president of the King's Daughters, pointed out today that the organization is still in need of about \$4000. If this money is forthcoming, she says, the society will be able to pay its plumbing and other bills and construct a permanent road. The King's Daughters' "family" is now composed of 9 men and women. At Saturday's opening the visitors will be shown through the establishment.
